

# SILVER SHIELD

## TWO RING DOORS

- Designed specifically for our SILVER SHIELD smooth wall grain bins, new and old.
- A self supporting frame means no tie bars to remove or door pins to get stuck.
- Available for all diameter Silver Shield flat bottom bins and hopper tanks.
- All two ring doors feature a 58 1/2" tall x 28" wide door opening (minimum).
- Exterior rain shield doors are equipped with a lockable bar latch closure.
- Each of the two interior doors are equipped with adjustable cam latches .
- Now featuring all galvanized construction.
